

## Let your team do more with PDFs in Google Drive.

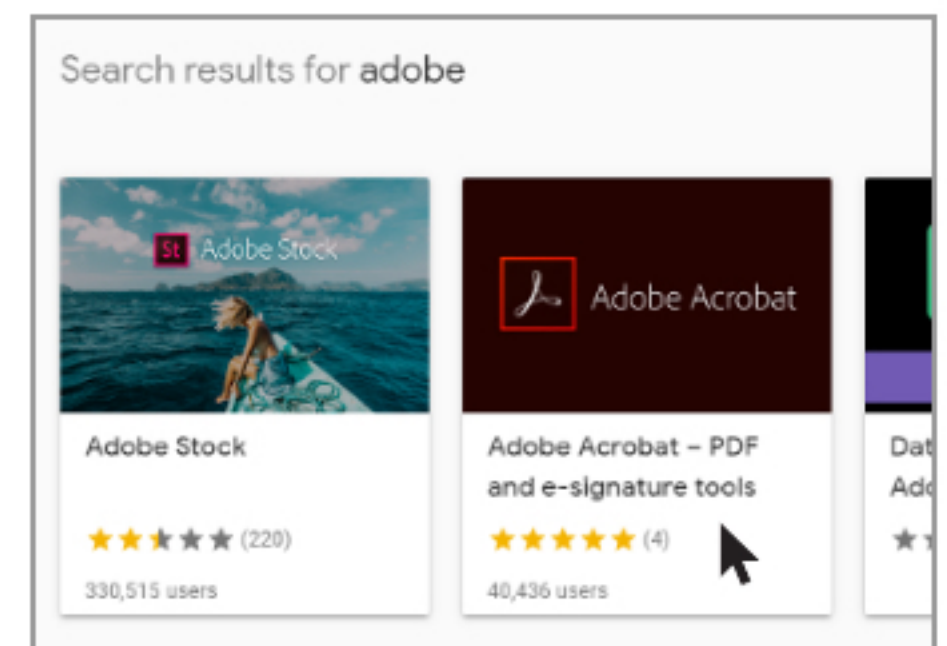

Speed up your paperwork and e-signing by giving your team access to Adobe Acrobat tools right from Google Drive. The easy-to-deploy app lets team members send PDFs for signature and convert, organize, and combine PDFs with a paid subscription. Admins can also let users access free tools to view and comment on PDFs.

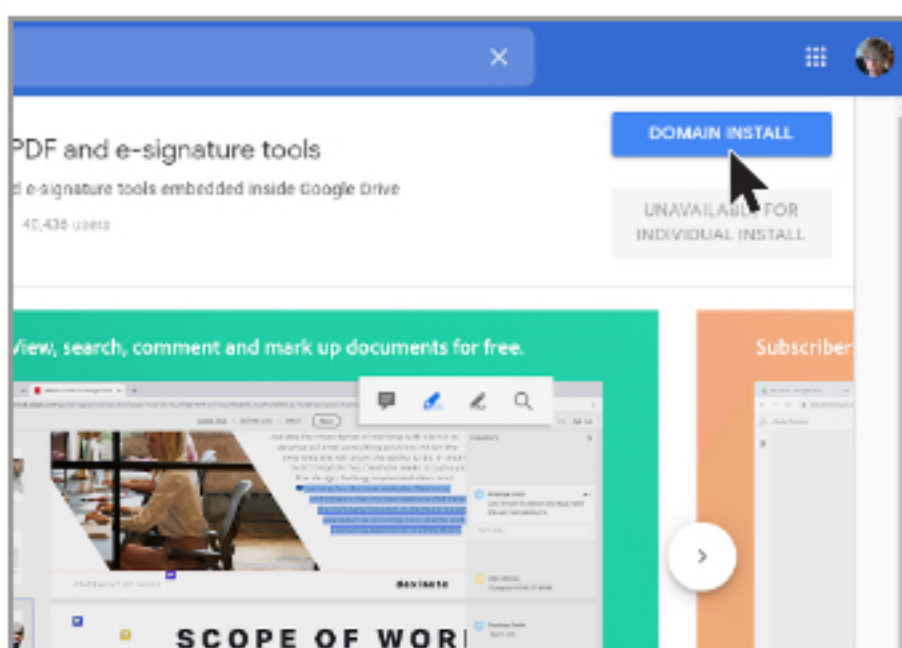

**1** Go to the Google admin console and select **Apps > Marketplace apps**.

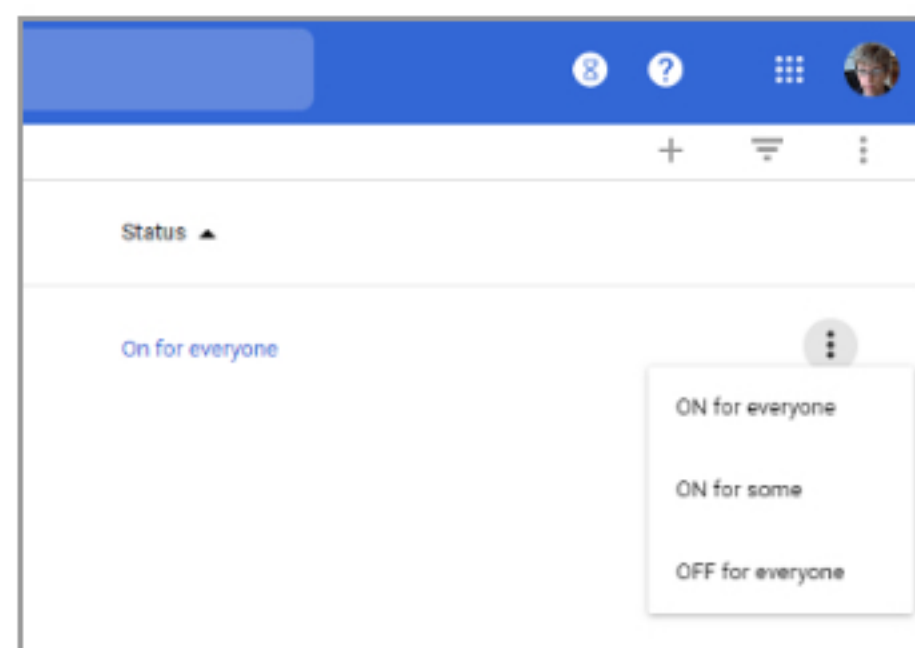

**2** Search for the **Adobe Acrobat** app.

**3** Select the **Adobe Acrobat** app.

**4** Click **Domain Install** and follow the prompts.

**5** Tell your team they can use **Acrobat tools** right from Google Drive.
